WELCOME TO WAKONA!

The present generation of Tomson Brothers welcome you to their 1973 "Welcome To Wakona" Sale on Thursday, November 15. We are selling over 200 head of Shorthorns and Polled Shorthorns that are the result of a continuous breeding program that started at Tomson Shorthorns in 1886.

Since the inception of Tomson Shorthorns, there has been one consistent goal in providing seed stock for our customers all over the United States, but primarily in the Middle West. This is to produce the type of beef animals that will reward their owners with the greatest possible returns per acre of naturally-produced feed, whether it be grass, hay, ensilage or grain, with bred-in characteristics that achieve these goals with a minimum of labor and care.

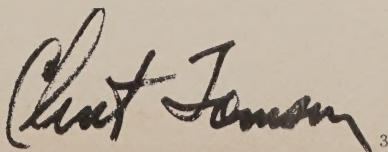

Kansas provides a natural environment which helped to strengthen these characteristics with home-grown nutrition and rigorous seasons which both demand and strengthen constitutions. Essentially, we feel that we have successfully produced Shorthorns, and more recently Polled Shorthorns, that will largely forage for themselves, producing sufficient milk to raise calves with profitable weaning weights, and still retain those marked growth characteristics of fast, efficient, and, therefore, profitable gains beyond that point.

We have always bred animals that will finish easily on grasses and roughages predominantly, with a minimum need for concentrated grains and purchased proteins.

Our second goal has been one that was initiated by our grandfather, T. K. Tomson, and his sons, our father, James G. Tomson, and his brothers, John and Frank, that of standing behind every animal we sell.

Credit should be given to my brother, Jim, Jr., who has actively managed our program for the past several years, and his sons, Tom and John, to honor this particular tradition.

We urge you to come early to the farm and join us for breakfast prior to the sale.

Tomson Junior Incentive Program

Wakona is pleased to announce the establishment of its Junior Incentive Program designed to encourage Shorthorn breeders under the age of 21 to add top-quality stock to their herds.

Here's how it works:

1. All junior members of the American Shorthorn Association will automatically receive a 10 per cent discount on any purchases made in this sale. For example, if the price bid is \$500, the junior member pays only \$450. In addition, the Tomsons will deliver all Junior Incentive purchases without charge.
2. Register by mail or in person prior to the sale by reporting the number of your junior membership certificate or completing an application for membership and paying the one-time \$5 fee.
3. Announce at the time of purchase that this a Tomson Junior Incentive Program purchase.
4. Agree at the time of registering that purchases are primarily for the use of the junior member in whose name the purchase is made. The offer applies to either bulls or females.

WELCOME TO WAKONA

Since Shorthorns have played such an all-consuming interest in the TOMSON heritage for so many years, it goes without mention that all generations of this family name have derived many benefits other than monetary.

The excitement of breeding Shorthorns that work an improvement for fellow Shorthorn breeders has been an accomplishment that each succeeding generation of TOMSONS has achieved with outstanding success.

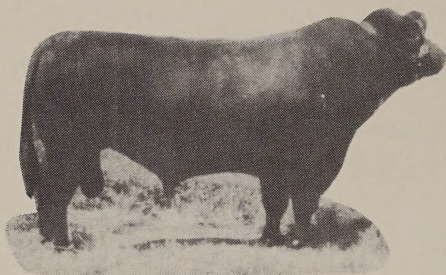

The TOMSON herd now stands at an important crossroad of breed achievement. The addition of Polled Shorthorns brought into the herd in recent years has enabled WAKONA to supply both Shorthorns and Polled Shorthorns to their customers in both numbers and quality for the most discriminating.

This year, with over two hundred head offered, be assured of being able to fill your every need.

COME TO THIS SALE - - YOU'LL BE GLAD YOU DID.

REFERENCE SIRES

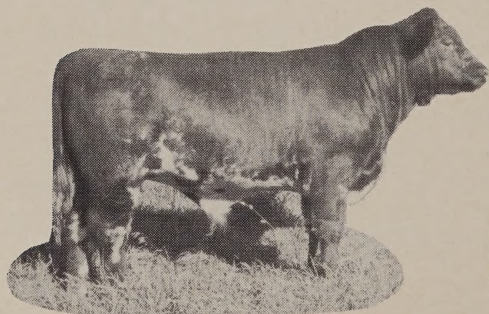

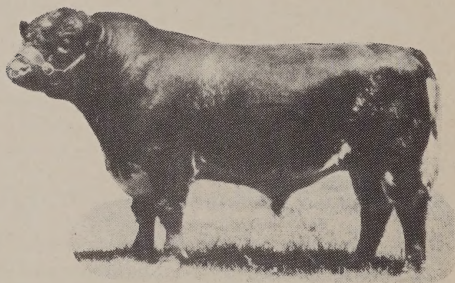

**DANDALOO
ROYAL
DUKE [P]**

Dandaloo Royal Duke (P) — Duke brings you the size, 2600 lbs., as a mature bull, but equally important, he and his son, IGNITION, demonstrate the thickness that we must have to compete in this beef cattle business.

**KELSO
IGNITION [P]**

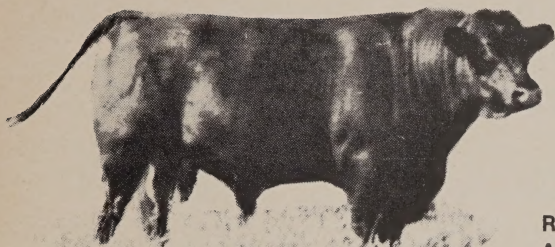

Kelso Ignition (P)—Ignition, sired by Dandaloo Royal Duke, combines size and muscling for the beef cattleman. Ignition weighed 1800 lbs. at 21 months after 60 days on grass pastures. Further, 27 of the 30 close-up ancestors in his pedigree are polled. He was the Champion of his class at the Royal Easter Show in Sydney, Australia.

**LOUADA
MARENGO x**

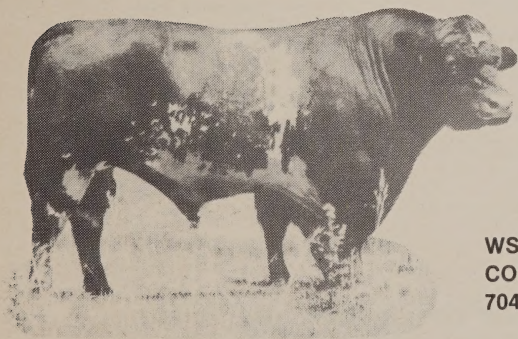

Louada Marengo x — we purchased Marengo at the 1972 Louada Sale. He was one of the strongest, heaviest boned sons of Kelso Ignition to sell that day. We have used him heavily here at Wakona.

REFERENCE SIRES

**ROTHNEY
ACHIEVER x**

Rothney Achiever x — purchased in the 1970 Rothney sale as a yearling. He has seen heavy duty at Wakona, but despite this, he has developed into a big, stretchy, sound bull. He is by Boa Kae Royal Oak 2nd x, sire of a Canadian International Champion and top selling bull. HE SELLS.

**WSU
CORNERSTONE
704 x**

WSU Cornerstone 704 x — owned in partnership with Slash R Ranch, Sand Andreas, California; one of the first BIG bulls to be used. Cornerstone is a half b rother to an International Grand Champion Bull and himself sired the many times winner, COLOMEADOW LADDIE, that heads the new herd for O'Keefe Brothers, Wood Lake, Nebraska, who paid \$3500.00 for him.

Any herd that has been in continuous operation since 1886 and for four generations has much to offer the buying public.

In this sale you will be buying more than just cattle. You will be sharing the fruits of 87 years of improvement effort.

The Tomson name has been an illustrious one in Shorthorn history. Not only have they served the breed in executive and advisory capacities, but they have gone to great lengths to help promote Shorthorns through their consignments to district, state, and national sales, through their show ring efforts, and through their close alignment with our commercial business.

James G. Tomson, pictured on this page, was one of our industry's most highly regarded breeders. His same high concepts for improvement, for satisfied customer relations, and for promoting the Shorthorn-Polled Shorthorn breed are being continued by his sons and grandsons.

Few, if any, herds are more deserving of our industry's buying support. We hope you will be with us November 15 and share in another Tomson contribution to a better Shorthorn-Polled Shorthorn future.

WE DELIVER

At its convenience, Wakona Shorthorns will deliver all purchases for a maximum charge of \$50.00 a head. If any one individual's purchases total \$5,000.00 or more, such purchases will be delivered free of charge.

Written instructions must be left with Wakona showing clear directions to your farm or ranch.

COMMERCIAL COWS

Lots 140 through 174 are commercial cows. These cows are all young and in production. They will start calving in the early Spring, and the calves will be sired by Shorthorn and Angus bulls. Further information on these commercial cows will be given sale day.

CLUB CALVES

Lots 175 through 194 consist of 20 steer calves, ideal for 4-H and FFA projects. They are sired by Shorthorn, Chianina, Limousin, and Maine-Anjou bulls.

Remember, buyers who qualify for the Junior Incentive Program can save 10 per cent of the purchase price on these steers.

Make sure you are registered with the clerk for the Junior Program on sale day!

STANDARD GUARANTEE

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.
5. In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such certificate is required by the seller.
6. All animals are sold to comply with the laws regulating tuberculosis and Bang's disease of the state or country into which they may be shipped.
7. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
8. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animals are bid off.
